The Yale Corporation, in recording its sorrow at the death of Mr Brooks, paid tribute to his loyalty and devotion to the University as follows "The representative of his Class in the work of the Yale Alumni University Fund Association from 1898 until the day of his death, he inspired his classmates with his own enthusiasm for cooperating with the University year after year in the carrying forward of its educational program Chairman of the Association from 1916 to 1918 in the troubled years of the World War, he as effectively enlisted the support of Yale graduates generally in the work of the Alumni Fund and thus saved the University from being seriously crippled when its income was so drastically curtailed by the enlistment of so many of its undergraduates in the service of their country. The Yale Alumni Fund Association and the University it was founded to serve are alike under an enduring debt of gratitude to him for the inspiring example set by him in his unselfish and untiring efforts to safeguard the welfare of Yale, which was ever close to his heart "

It was characteristic of Mr Brooks that his will contained a bequest to the "sinking fund of the Yale Alumni University Fund Association"

FORMS OF BEQUEST

BECAUSE of the constantly increasing tendency on the part of alumni and other friends to provide for the growing needs of the University by bequests, and the many inquiries received each year as to the proper wording thereof, there are given below forms for the convenience of those who plan to remember Yale in their wills

(GENERAL)

I give and bequeath to Yale University, a corporation existing under and by virtue of a charter granted by the General Assembly of the Colony and State of Connecticut, and located in the Town of New Haven in said State,
..... Dollars, to be used (or, the income to be used) at the discretion of the Corporation of said University

(SPECIFIC)

I give and bequeath to Yale University, a corporation existing under and by virtue of a charter granted by the General Assembly of the Colony and State of Connecticut, and located in the Town of New Haven in said State,
.. . Dollars, to be used (or, the income to be used) for the following purposes
(Here specify the purposes for which the bequest—or the income therefrom—is to be used)

(It is strongly recommended that a competent lawyer be employed to prepare the will and to supervise its execution in order that all the requirements of the law of the state in which the maker of the will resides may be fully complied with. It is also wise to give the University considerable latitude in the use of any fund to be established by bequest, or of the income therefrom, so that a change of circumstances may not impair the usefulness of the gift. The Treasurer of the University will be glad upon request to review the phraseology of proposed bequests and to make suggestions with reference thereto)
